

**4th INTERNATIONAL CONFERENCE
ON CHILDREN'S HEALTH AND THE ENVIRONMENT**

Reducing environmental risks for our children

Vienna, 10th of June – 12th of June 2007

Location: Medical University of Vienna, Austria

Second announcement 16th of February 2007

Organised by the International Network on Children's Health, Environment and Safety (INCHES), by the University for Health Sciences, Medical Informatics and Technology (UMIT) located at the University UMIT, Institute of Public Health, Hall in Tirol, Austria and by the Institute of Environmental Health (ZPH) located at the Medical University of Vienna, Austria.

4th INTERNATIONAL CONFERENCE ON CHILDREN'S HEALTH AND THE ENVIRONMENT

This conference - the fourth after Amsterdam (1998), Washington (2001) and London (2004) - is initiated by the International Network on Children's Health, Environment and Safety (INCHES) in collaboration with the University for Health Sciences, Medical Informatics and Technology - Dept. of Public Health, Medical Decision Making and Health Technology Assessment, and the Medical University of Vienna, Institute of Environmental Health. This conference offers a world-wide platform dealing with health problems of children caused by important environmental influences.

The objectives of this conference are:

- to provide an international forum for the latest research findings in paediatric environmental health;
- to provide insight in the activities in the field of science and policy interface;
- to define the relationship between environmental contaminants and children's health in the world;
- to identify opportunities to minimise childhood exposure to environmental contaminants;
- to build a multi-sectoral platform of knowledge at an international level;
- to develop a greater awareness among health professionals about children's health and the environment;
- to initiate policy review and future directions in research in the field of children's environmental health;
- to renew old friendships and initiate new ones;
- the conference should target the global one, risks from environmental hazards for children from all over the world.

Scientific programme

The preliminary scientific programme will be on

Sunday 10 th of June 2007	09.00 - 19.00
Monday 11 th of June 2007	08.30 - 19.00
Tuesday 12 th of June 2007	08.30 – 19.00

Saturday 9th of June 2007: Institute of Hygiene and Environmental Medicine

Preconference activities

11.00 - 15.00	Workgroup	ISDE board meeting	Chair: Lilian Corra / Argentina (ISDE)
15.00 - 17.00	Workgroup	INCHES board meeting	Chair: Peter van den Hazel, Netherlands (INCHES)
17.00 - 18.00	Workgroup	Discussing document on CHE for EU conference	Chair: Lilian Corra / Argentina (ISDE)
8.45 - 18.30	Workgroup	German Paediatrician Training Course	Chair: Stephan Boese-O'Reilly / Austria (INCHES)
19.30-23.00	Dinner reception	12 Apostelkeller	

Sunday 10th of June 2007: Medical University of Vienna, lecture rooms, Schwarzspanierstrasse

09.00 – 10.00	Registration			
10.00 – 10.30	Plenary	Welcome address		
		INCHES	Peter van den Hazel / Netherlands	
		University for Health Sciences, Medical Informatics and Technology, Hall	Uwe Siebert / Austria ; Stephan Boese-O'Reilly / Austria	
		Institute of Environmental Hygiene Vienna	Michael Kundi / Austria , Hanns Moshhammer / Austria	
10.30 - 12.30	Plenary	Environmental risks for our children		
	10.30 – 11.00	The Need For a Life-Stage Approach to Assess Risks from Chemical Exposures in Children	Terri Damstra / USA	
	11.15 – 11.45	Global risk for children's health	Maria Neira / Switzerland (WHO)	in- vited
	11.45-12.15	Nanotechnology	Vyvyan Howard / UK (ISDE)	
	12.15-12.30	Discussion	Lilian Corra / Argentina (ISDE)	
12.30 – 13.30	Lunch			
13.30 – 15.00	Symposium	Air pollution – new aspects		
	13.30-13.45	Fine particles, a major threat to children	Joachim Heinrich / Germany	
	13.45-14.00	Asthma and environment	Ondine von Ehrenstein / USA	
	14.00-14.15	Changing trends of asthma prevalence and seasonal variations in children	H. Paramesh / India	
	14.15-14.30	Respiratory health of Austrian school children	Hanns Moshhammer / Austria	
	14.30-14.45	Air pollution new aspects	Dennis Nowak / Germany	in- vited
	14.45-15.00	Discussion		
	Symposium	How to increase knowledge		
	13.30-13.45	Training health care providers (WHO training modules)	Marie-Noel Brune / Switzerland (WHO)	
	13.45-14.00	Children's health and the environment: Educating for more knowledge /CHEST)	Peter van den Hazel / Netherlands	
	14.00-14.15	Paediatric health centres	Martha Berger / USA (US-EPA)	
	14.15-14.30	ISDE - training possibilities	Roberto Romizzi / Italy (ISDE)	
	14.30-14.45	Actions taken in South America by INCHES and ISDE: education, CEH Units, CEH's profiles, indicators and multisectorial participation in the last three years	Lilian Corra / Argentina (ISDE)	
	14.45-15.00	Training European paediatricians in environmental health	Leda Nemer/ Italy (WHO)	in- vited
15.00 - 15.15	Break			
15.15 - 16.15	Symposium	Cancer	Chair: Lorenzo Tomatis / Italy	
	15.15.-15.30	Early exposure to chemical additives on food and cancer	Morando Sofritti / Italy	in- vited
	15.30-15.45	Still open		
	15.45-16.15	Still open		
	16.00-16.15	Discussion	Moderator	
15.15 – 16.15	Symposium	Global Threats to CEH - WHO perspective - round table	Terri Damstra / USA, Jenny Pronczuk / Switzerland	

			(WHO)	
	15.15-16.15	Speakers to be announced		
16.15 - 16.30	Break			
16.30 - 18.00	Symposium	Indoor air		
	16.30-17.00	Development of WHO guidelines on indoor air quality	Michal Krzyzanowski / Germany (WHO)	
	17.00-17.15	Evaluation of microclimate indices in some preschools and schools institution in Tirana City - Albania	Elida Rahmani / Albania	
	17.15-17.30	Indoor air pollution and prevalence of respiratory infection in children under 5 years – A rural study in India	Elizabeth Cherian / India	
	17.30-17.45	Respiratory symptoms of school children and their home environment	Peter Rudnai / Hungary	
	17.45-18.00	<u>Discussion</u>	<u>Moderator</u>	
	Symposium	Children's environmental health indicators (CEHI) - shaping priorities for action	Fiona Gore, Dafina Dalbokova	
	16.30-16.45	Making the Case for Action - The Global Initiative on Children's Environmental Health Indicators" - review on progress since WSSD	Fiona Gore / Switzerland (WHO)	
	16.45-17.00	'Facts' from CEHAPE indicator-based Report "Children's Health and the Environment in Europe: First Assessment" and their application in reporting to support information relevant to policy actions	Dafina Dalbokova / Germany (WHO)	
	17.00-17.15	ENHIS- a case study	Dafina Dalbokova / Germany (WHO)	
	17.15-17.30	Lead - a case study	Eva Kunseler / Finland	
	17.30-17.45	POPs in human breast milk	NN / CEHI	
	17.45-18.00	UV radiation - a case study	Philippe Pirard / France	
	18.00-18.15	CEHI in Tunisia and Oman	Hamed Bakir / Jordan (WHO)	
	18.15-18.30	Tunisia - a case study	NN / CEHI	
	18.30-18.45	Oman - a case study	NN / CEHI	
	18.45-19.00	CEHI at the US/Mexico Border	Sally Edwards / USA (PAHO)	
	19.00-19.30	CEH indicator development for Argentina under the CEH Profile (Perfil SANA) in collaboration with Argentinean government, the Society of Paediatrics of Argentina, academia and NGOs	Lilian Corra / Argentina (ISDE)	
18.00 - 19.00	Workgroup	German Paediatrician Training Course	Chair: Stephan Boese-O'Reilly / Austria	
18.00 - 19.00	Workgroup	Discussing document on CHE for EU conference	Chair: Lilian Corra / Argentina (ISDE)	
19.30 - 22.30	Social event			

Monday 11th of June 2007: Medical University of Vienna, lecture rooms, Schwarzspanierstrasse

08.30 – 10.00	Plenary	Best practices - review on the state of art		
	8.30-8.50	Towards a comparative assessment of policy actions on children's health and the environment: a case study within WHO-co-ordinated ENHIS project	Eva Kunseler / Finland	
	8.50-9.10	Safer chemistry curriculum for children - taking action to promote environmental health in the Philippines	Irma Makinalao / Philippines	
	9.10-9.30	Pollution reduction options network	Peter van den Hazel / Netherlands	
	9.30-9.50	Children and chemical safety: framework for action to protect children from harmful exposures	Judy Stober / Switzerland (IFCS)	
	9.50-10.00	<u>Discussion</u>	<u>Moderator</u>	
10.00 – 10.15	Break			
10.15 - 11.15	Symposium	Fetal and embryological origin of diseases		
	10.15-10.30	Perinatal dioxin exposure in the Netherlands: the Amsterdam-Zaandam cohort, and a 15 year follow-up	Janna Koppe / Netherlands	
	10.30-10.45	Evidence of environmental translocation from mother to foetus	Antonietta M. Gatti / Italy	
	10.45-11.00	Arsenic and neurodevelopment	Ondine von Ehrenstein / USA	
	11.00-11.15	<u>Discussion</u>	<u>Moderator</u>	
	Symposium	Pesticides		
	10.15-10.30	Susceptibility of children to acute pesticide poisoning	Dewan / India	
	10.30-10.45	Prenatal exposure to pesticides in flower plantations in Ecuador	Raul Harari / Ecuador	
	10.45-11.00	Pesticides and children	Nida Besbelli / Germany (WHO)	
	11.00-11.15	Policy implications of DDT and malaria in Africa	Paul Saoko / Kenya	
	Workgroup	The results of the Children Environmental Survey Germany and their implications for prevention specially through NGOs	Erik Petersen / Germany	
11.15 - 11.30	Break			
11.30 - 12.30	Symposium	Neurodevelopmental disorders		
	11.30-11.45	Health effects related to neurotoxins	Sandra Ceccatelli / Sweden	in- vited
	11.45-12.00	PCB-related neurodevelopment deficit in children and its potential mediation by endocrine disruption	Gerhard Winneke / Germany	
	12.00-12.15	Long-term consequences of developmental exposure to neurotoxicants	Philippe Grandjean / Denmark	
	12.15-12.30	<u>Discussion</u>	<u>Moderator</u>	
	Symposium	Climate change and children		
	11.30-11.45	Climate change and children	Pim Martens / Netherlands	in- vited
	11.45-12.00	Climate change – how dangerous is it for children's health	Bettina Menne / Italy (WHO)	in- vited
	12.00-12.30	<u>Discussion</u>	<u>Moderator</u>	
	Workgroup	Paediatric health centres	Martha Berger/USA US-EPA	

12.30 - 13.30	Lunch			
13.30-14.00		Transfer to Hofburg		
15.00 - 15.45	Plenary	Healthy future for our children	Phil Landrigan / USA	in- vited
15.45 - 18.00	Session	Best practice in Europe - CEHAPE	HEAL session	
14.00-18.00	Poster Ses- sion	Free Topics		
		CHE Ecuador	Raul Harari / Ecuador	
		Antibodies to Haemophilus influenzae type b capsular polysaccharides in immunized and non-immunized Vietnamese infants	Thac Dinh / Vietnam	
		Analyses of factors responsible for children organs of urine systems disease in Tajikistan	Muzafar Isobaev / Tajikistan	
		Biological monitoring of exposure to pesticides of members of families working in agriculture and their children -preliminary results	Joanna Jurewicz / Poland	
		How to protect children from environmental tobacco smoke exposure?	Kinga Polańska / Poland	
		Health impacts of climate change	Hanns Moshhammer / Austria	
		Pesticides exposure and children's health: a qualitative ecosystem health approach	Douglas Barraza Costa Rica	
		Bringing Science to Policy: Barriers to Advocacy	Carolyn Stroebele / USA (CEHN)	
		Childless-Workless-Worthless- futures and environments of our children?	Jürgen Bilger / Germany (ISDE)	
		Air pollution and impact on human health - Albania	Elida Rahmani / Albania	
		Epidemiology and determinants of bicycle injuries in adolescents	Gabriella Páll / Hungary	
		Exposure to environmental hazards and the risk of male infertility - multicenter national study in Poland	Joanna Jurewicz / Poland	
		Improvement of the Crimean children health through iodine and quality drinking water provision	Andrey Artov / Ukraine	
		Social inequalities and paediatric cancer in region of Murcia	Juan Antonio Ortega García / Spain	
		Biological monitoring of exposure to pesticides of members of families working in agriculture and their children -preliminary results	Joanna Jurewicz / Poland	
		How can knowledge of fetal metabolism help to interpretate genome damage caused by transplacentally transported xenobiotics	Aleksandra Fucic / Croatia	
		Blood lead levels and onset of puberty in Russian boys, Chapaevsk, Samara region	Russ Hauser / USA	
		Highlights on some environmental health problems of children in Poland	Maja Muszyńska-Graca / Poland	
		Paediatrician doctor's assistants as a source for more preventive medicine	Julia Hellmann / Austria	
		Health hazard mercury for children in gold mining areas	Stephan Boese-O'Reilly / Austria	
17.00-18.00	Workgroup	German Paediatrician Training Course	Stephan Boese-O'Reilly / Austria	
19.00-22.00	Social event			

Tuesday 12th of June 2007: Medical University of Vienna, lecture rooms, Schwarzschanerstrasse

08.30 - 09.30	Symposium	Air pollution in mega cities		
	08.30-09.00	Air pollution in mega cities	Isabelle Romieu / Mexico	invited
	09.00-09.15	Traffic pressure on Dhaka City and its effects on Children's Health	Mohammad Al-Amin / Bangladesh	
	09.00-09.15	The relationship between asthma and outdoor air pollution among primary school learners in Durban, South Africa	Joy Kistnasamy / South Africa	
	09.15-09.30	Air quality - children's health	Wieslaw Jedrychowski / Poland	
	Symposium	Toxic metals - others		
	08.30-09.00	Exposure to arsenic and chromium on children playgrounds	Stephan Gabos / Canada	
	09.00-09.15	Mercury in breast milk – a health hazard for infants in gold mining areas?	Beate Lettmeier / Austria	
	09.00-09.15	Cadmium in the Kempen	Mark van Bruggen / Netherlands	
	09.15-09.30	<u>Discussion</u>	<u>Moderator</u>	
09.30 - 09.45	Break			
09.45 - 11.45	Symposium	Lead		
	09.45-10.00	Blood lead levels and related risk factors among children aged 0-6 years in China	Zhang / China	
	10.00-10.15	The Pb level in blood of children in Copper Basin, Poland - thirty years of observation	Halina Strugała-Stawik / Poland	
	10.15-10.30	Protecting children from exposure to lead in children's jewellery	Sarah Sheffield / Canada	
	10.30-10.45	Effect of environmental lead on the health status of women and children in developing countries	Thuppil Venkatesh / India	
	10.45-11.00	Heavy metal poisoning from traditional medicines	Paul Dargan / UK	
	11.00-11.15	Lead in ceramics in Paris	Frederic Sorge / France	
	11.15-11.30	Lead - from toxicology to epidemiology	Tee Guidotti / USA	invited
	11.30-11.45	Heavy metals	Rokko Kim / Germany (WHO)	invited
09.45 - 11.45	Symposium	Monitoring children's exposure		
	09.45-10.00	The German Environmental Survey- monitoring children's exposure	Marike Kolossa-Gehring / Germany (UBA-Berlin)	
	10.00-10.15	Update on the activities related to action 3 to the health and environment strategy - pilot project	Ludwina Casteleyns / Belgium	
	10.15-10.30	The German health interview and examination survey for children and adolescents (KiGGS) – First results	Ute Wolf / Germany	
	10.30-10.45	National center for environmental health/agency for toxic substances and disease registry	Howard Frumkin / USA (ATDSR)	
	10.45-11.00	Biological monitoring for chemicals exposure in children's environmental health	Harald Hoffmann / Canada	
	11.00-11.15	Growing in France: The Elfe birth cohort	Georges Salines / France	
	11.15-11.30	A national survey on environmental factors related to diet, physical activity and overweight in secondary schools in the Netherlands	Lideke Middelbeek / Netherlands	
	11.30-11.45	<u>Discussion</u>	<u>Moderator</u>	

11.45 - 12.00	Break			
	Symposium	Setting approach		
	12.00-12.15	Interagency approach to mercury spill in schools - responding to pesticide poisoning among school children	Irma Makalinao / Philippines	
	12.15-12.30	Children's Clinic Glanzing, the first PVC free Neonatal Intensive Care Unit (NICU)	Andreas Lischka / Austria	
	12.30-12.45	Ecological Sanitation in Rural Armenia	Elena Manvelyan / Armenia	
	12.45-13.00	IUPAC	Nida Besbelli / Germany (WHO)	
	13.00-13.15	Sustainable farming	Alexander von Hildebrand / India (WHO)	invited
	Symposium	Children and physical hazards		
	12.00-12.15	Electro magnetic fields	Gerd Oberfeld / Austria	
	12.15-12.30	Children and mobile phones	Matthias Otto / Germany	
	12.30-12.45	Exposure of children to noise in different settings – PINCHE's policy recommendations	Wolfgang Babisch / Germany	
	12.45-13.00	Discussion	Moderator	
		-	-	
	Workgroup	Environmental tobacco smoke		
	12.00-12.15	Environmental tobacco smoke exposure of German children - GerES IV - situation in Germany	Andre Conrad / Germany	
	12.15-12.30	Children's exposure to second hand smoke in the US: estimates from time use survey data	Michael Keall / New Zealand	
	12.30-12.45	Smoking relapse prevention - intervention study for postpartum women in Lodz, Poland	Kinga Polańska / Poland	
	12.45-13.00	Nicotine effects in pregnancy and childhood	Manfred Neuberger / Austria	
13.00 - 14.00	Lunch			
14.00 -15.00	Symposium	New emerging diseases		
	14.00-14.20	Burden of disease and children's environment	Giorgio Tamburlini / Italy	invited
	14.20-14.40	Occupational health - child labour and toxic environments	Peter Hurst / Switzerland (ILO)	invited
	14.40-15.00	Discussion	Moderator	
15.00 - 15.15	Break			
15.15 - 16.15	Symposium	Children's health and socio-economic factors		invited
	15.15-15.30	Large New Zealand cohort study shows that social housing and reducing household crowding benefit child health	Michael Baker / New Zealand	
	15.30-15.45	Monitoring of socioeconomic disparities in environmental exposures and children's health: Experiences from the Bavarian Health Monitoring Units	Gabriele Bolte / Germany	
	15.45-16.00	Environmental injustice	Carolyn Stephens / UK	
	16.00-16.15	Poverty and CEH	Lynn Goldman / USA	invited
16.15-16.30	Break			
16.30-17.30	Symposium	Children's environmental health policies		invited
			Genon Jensen/ Belgium (HEAL), Sascha Gabizon/ Germany (WECF)	

			Germany (WECF)	
	16.30-16.50	Environment and children's health: Research activities funded by the European Commission's Research Directorate-General	Tuomo Karjalainen / Belgium	
	16.50-17.10	Basic strategies to protect children from environmental hazards	Tee Guidotti / USA	In- vited
	17.10-17.30	Health, environment and justice	Marcelo Conti / Italy	
17.30-17.45	Break			
17.45-19.00	Plenary	Conclusions and further activities		
	17.45-18.00	General introduction - activities from INCHES	Peter van den Hazel / Netherlands	
	18.00-18.15	Reducing environmental risks for children - European perspective	Roberto Bertolini / Italy (WHO)	In- vited
	18.15-18.30	Reducing environmental risks for children - global perspective	Jenny Pronczuk / Switzerland (WHO)	
	18.30-18.45	<u>Closing remarks</u>	<u>Hanns Moshhammer / Austria;</u> <u>Stephan Boese-O'Reilly /</u> <u>Austria</u>	
18.00-19.00	Workgroup	German Paediatrician Training Course	Stephan Boese-O'Reilly / Austria	
19.30-22.00	Social event			

Extended call for abstracts (posters) until 1st of April 2007

All participants are invited to submit an abstract for a poster presentation during the conference. The abstracts will be reviewed by the scientific committee. Each presenter will receive a confirmation letter of acceptance and the decision if the presentation is accepted as a poster presentation.

All authors and speakers must register for the conference and pay the appropriate registration fee. You will be finally registered as a participant as soon as the registration fee has been received. A confirmation of registration will be sent to you, for further information see "Registration and Fees".

Abstracts should preferably address the conference themes.

- Global environmental risks for children
- Best practices – actions taken – different settings
- Critical windows of exposure
- Settings
- Environmental injustice
- Children's health and socio-economic factors
- New emerging diseases
- Monitoring children's exposure

Abstracts can be submitted by E-mail in Microsoft Word . No fax submissions will be accepted.

Abstract authors selected for poster presentations will receive guidelines for the preparation of their poster together with the confirmation of presentation.

Participants are asked to observe the following guidelines for the preparation of an abstract.

- The abstract should include:
 1. objectives of the research
 2. brief summary of the content
 3. conclusions
- Abstracts should begin with a title, and a list of authors with their affiliations.
- The following information needs to be provided beside the abstract
 - Title of the abstract
 - Corresponding author
 - First name
 - Title
 - Name of company/Institution
 - Mailing address
 - Postal code
 - City
 - Country
 - Business telephone
 - Fax
 - Email
 - Co-authors
 - Preferred format of presentation:
 - poster presentation
 - oral presentation
- Please attend the form of the abstract:
 - max. 300 words
 - type size 11
 - typeface Arial
 - outside margins 2 cm

Scientific Secretariat: (also for all matters relating to abstract submitting, scientific questions, programme etc.)

General Information

Who should attend

This cross-sectional conference is intended for health professionals, scientists (clinical, environmental epidemiological and community oriented) and policy makers who have a special interest in children's environmental health, as well as leaders from the private sector, non-governmental organisations and community organisations, and all levels of government.

Date and Location

The conference will take place from 10th of June – 12th of June 2007 at the premises of the Medical University of Vienna, Austria.

Certification

The medical participants of the conference will receive "credit points" from the Austrian Doctor's Association, where the conference will be accredited.

Official Language

The official language of the conference is English. No simultaneous translation service will be available.

Internet

Information about the conference is available on Internet at the following address:

<http://www.inchesnetwork.net>

Social events

Vienna is a most beautiful town with fantastic cultural highlights. So it is a pleasure to announce two very special social events for all participants. INCHES is planning four nice evenings for you. The exact dates will be announced in the final program.

Dinner reception on Saturday the 9th of June at 19.30 at the world famous 12 Apostelkeller – an amazing old cellar deep under the city centre in Vienna offering a buffet of typical Vienna food specialities and of course some of the gorgeous local drinks – from apple most to vine. Since seats are restricted it is strongly advised to reserve a voucher for the dinner reception with your booking. The price is 40,- Euro per person, additional guests are welcome.

Reception of the City of Vienna (planned)

Vienna concert in the spectacular setting of the old Palais Lobkowitz you will be delighted to hear a concert with classical music from Vienna, followed by wine and finger food intermezzo, and rounded up with a nightly tour through the world known exhibition hall. Since places are restricted it is necessary to reserve a voucher for the dinner reception best with your booking. The price is 35,- Euro per person, additional guests are welcome.

Reception of the Ministry of Environment (planned)

Registration and Fees

The early registration fee for the conference "Children's Health and the Environment" is 300,00 Euro and includes all coffee/tea/lunch breaks and entrance to the conference. The early registration deadline is 1st of May 2007. After 1st May 2007 the registration fee is 360,00 Euro per person. For students the fee is 100,00 Euro. There is the option to add 50.00 Euro (or more) to your registration fee in order to make it possible for attendees from developing countries to participate. It will be made known at the conference which person attended based on your contribution.

Participants from developing countries can apply for reduced fees, in a written form to the conference secretariat. INCHES will support these applications and make a decision due to the financial possibilities in April 2007. The reduced fee will be 50,00 euro per person.

If you wish to attend the conference please complete the enclosed registration form and return it to the Conference Secretariat. You will be registered as a participant as soon as the registration fee has been received. The Conference Secretariat will confirm your registration by email. For payment of the fee see "Payment".

Payment

Payment in Euros should be made in advance by means of:

1. Bank transfer to (International Bank account number)

Bank: RLB Tirol

BLZ: 36000

account number: 100.686.428

account holder: Institut für Medizinische Informatik und Technik Tirol GmbH, "INCHES Tagung"

International bank account number:

IBAN: AT93 36000 00100686428

Swiftcode: RZTIAT22

Please state clearly the applicant's NAME on the bank transfer forms when using this method.

2. It is regretted that personal cheques, euro cheques or company cheques cannot be accepted. Any bank charges must be paid by the applicant. Please state clearly the applicant's name on the bank transfer forms when using this method.

3. MasterCard or VisaCard: Please insert the card number (16-digit), the expiration date, the amount, and the CVC in the registration form, which is added to this program.

Cancellation Policy

Notification of cancellation should be sent in writing or by email to the Conference Secretariat. Cancellations will be accepted until 1 May 2007 with a refund of all fees except for a cancellation charge of 20 Euro. It is regretted that no refunds can be made for cancellations received after 1 May 2007.

Place of the conference

The conference will take place in the Medical University of Vienna, Schwarzspanierstrasse 17 in Vienna. The following links will help you to find the place of the conference and the options of public transportation.

In the final program you will find more detailed information about all locations.

For German speaking some internet information about the location:

<http://www.meduniwien.ac.at/HZMTI/>

<http://www.magwien.gv.at/stadtplan/>

Hotel Accommodation

The conference organisers have selected a number of hotels. Participants wishing to reserve a hotel room should contact Mrs. Knorr from the tourist office by email gerda.knorr@de.fcm.travel or by phone +49(0)702234437.

If you wish to share a double room with another participant please contact Ms Knorr.

If you wish to reserve a hotel room, you are advised to make your hotel booking before 1st of April 2007.

! Please be aware that Vienna is a very interesting place, and usually very early fully booked. Please make your hotel arrangements as early as possible !
